

SWIFT ATTRACTION CALLS

Buyers of Genesis Swift Sound Systems need to be aware that they are required to apply for an NPWS licence on an annual basis

It is a legal requirement under Section 35 of the Wildlife Act to apply for a licence to use a LURE/ ATTRACTION CALL if you plan to play them. You should apply for an NWPS licence directly at the following link <https://www.npws.ie/licencesandconsents/hunting>. It's on the onus of the person who owns the premises where the calls are to be played to obtain the licence.

It is essential to play the attraction calls to help Swifts find nest boxes.

The calls should be played from 1st May to 31 August

Calls should be played in a thoughtful way and not so loud as to annoy or interfere with nearby neighbours

Please note the Base and Treble dials should be set at half. Volume should be no more than $\frac{3}{4}$.

OPTION 1 : Play calls for 24 hours per day or from dawn until dusk every day

OPTION 2 : Set up with a timer to play calls from optimum times of **8 to 11am, 2 to 4pm** and from **6 to 11pm** every day.
